

Step 2: Parent/Guardian

Now the parent/guardian will receive an email invitation to enter the course or register in EOS if they do not already have an account. When the parent/guardian enters their account, they will see CHILDREN icon at the bottom of the menu.

After hitting the icon, the parent/guardian creates a sub-profile for their child.

All fields are required; save by hitting CREATE CHILD.

Once the child's sub-profile is created, the parent/guardian goes to MY COURSES and selects Children. They will see the list of courses of any of their children.

Course name	Course Type	Course date	Nr of children
First Youth course	AIDA Youth	20-03-2020	2

They need to view the course, tick child's name and ASSIGN CHILD to the course.

Course Name	Course Type	Start Date	Country	City	Address
First Youth course	AIDA Youth	20.03.2020	Egypt	Dahab
